

## 7 - LENSES

In RW we study our topics through the use of a Theological, Philosophical, and Sociological lens. Year 7 is all about becoming acquainted with them as we study foundation units such as 'How Did We Get Here?' and 'Do People's Actions Reflect Their Belief?'

## 8 - STORY

Progressing into Year 8 is exciting because knowledge of each key lens is secure, and we begin to look at 'The Power of Story' as our foundation for the year, moving onto 'How Humans Think', and 'Forgotten Worldviews'.

## 9 - SUFFERING

Suffering is a big part of our existence, and for Year 9 this is something we delve deeply into together. First by studying 'What is Ethical?', before looking at the reality of 'Equality and Human Rights'. This leads onto a deep dive into how different people respond to the very real problem of evil and suffering. Finishing with the debatable question of 'Is Religion Relevant?'

# RW CURRICULUM OVERVIEW

## 10 - RELIGION

The GCSE begins! Sometimes daunting, but KS3 has prepared students for the challenge. First up, what do Christians and Muslims think about the things we spend too long pondering, like "what happens when we die?" and "why do bad things happen to good people?"

## 11 - LIFESTYLE

Continuing the study of religion, we look more specifically at the life of religious people. How do they behave? Is it strictly in line with their professed belief, or do they interpret their God's rule as open to debate? Hot topics include the purpose of sex, the issue of sexuality, and how on earth did we get here!?

## RESULTS

All good things must come to an end... The results attained in RW set students up for their future in an ever-growing diverse world. Not forgetting the level of personal growth that can happen throughout this course. It's unlike any other subject studied in school. We're excited to see what you can achieve!
