

Log in to Bedrock Learning (Year 8 and 9)

1. Open a browser and go to bedrocklearning.org → Log in → Student.
2. Click Sign in with Microsoft (or Continue with Microsoft 365).
3. Enter your school Microsoft 365 email (e.g., escrooge24@lathom.lancs.sch.uk) and your usual school password.
4. You'll land on your Bedrock dashboard - start your assigned lesson block.

Quick fixes if it doesn't work

- Make sure you're using your school Microsoft account (not a personal one).
- If the Microsoft button isn't there, use your Bedrock username & password or ask your teacher to check your account.
