Graduated Approach for Students on the SEND Register

Assess

- Student placed on the SEND register. Thorough assessment of the student is undertaken which informs their Indivdual Support Plan (ISP). This may include external advice if appropriate at any stage.
- ISP created with the student's voice central to this process and shared in collaboration with parents/carers through synergy.
- In addition, students with an EHCP will have an Annual Review with the SENDCO. The EHCP will inform their ISP throughout.

Plan and Do

- Lathom's Tier 1 Universal Offer is implemented at all levels and so High Quality Teaching is in place for all.
- Learning in all lessons is guided by student's ISP targets.
- Lathom's Tier 2 Targeted Offer or Tier 3 Specialist Offer for those with an EHCP is planned for and implemented.

Review/Assess

- ISP is reviewed in line with data capture (Cycle 1) and updated with new or amended targets as appropriate.
- Student may be removed from the SEND register and placed on SEND Monitoring if need/s can be met at Lathom's Tier 1 Univeral Offer following review.
- ISP shared and collaborated with parents/carers through synergy.

Plan and Do

- Lathom's Tier 1 Universal Offer is implemented at all levels and so High Quality Teaching is in place for all.
